

Bull and Female Sale

Saturday December 1, 2018

1 p.m. | Cullman Stockyards, Cullman, Alabama

Welcome...

to our fourth production sale! We have sold bulls and a group of females for the past three years and wanted to do something a little different this year. We are going to offer the bulls and females as in past sales, but we are also offering a group of bred cows and cow calf pairs this year. These cows are the ones that have been producing the animals featured in our past sales and we felt that it was time to give you a chance to use them in your herds. We hope that our past customers will continue to have trust in our program to furnish them with the kind of cattle that meet or exceed their expectations and that our new customers will find that our program and animals are the kind that will work for them, too. We are proud to offer a set of bulls and females that have been genetically designed and physically developed for efficiency, fertility and long term profitability with you, the customer, in mind.

The Red Angus breed is in demand across the country, not only from first time cattle buyers, but also from lifelong cattlemen. Red Angus cattle have proven to be low maintenance, highly maternal, highly fertile, easy calving animals with quiet dispositions. They have also become a choice in the feedlot for their carcass value and marketability. We have always felt blessed and thankful to our Lord for allowing us to be a part of such a great breed of cattle and people.

The sale will be broadcast live on dvauction.com and you will be able to bid from your home if you are unable to attend the sale. If you are unable to attend the sale or watch and bid through dvauction.com, just give us a call ahead of time and we will help you in selecting the best bull or female for your dollar.

We thank you for taking time to review the offering in this catalog and we hope to see you in Cullman, AL on December 1, 2018. Please do not hesitate to give us a call to answer any questions or help you find the bull or female to meet your needs.

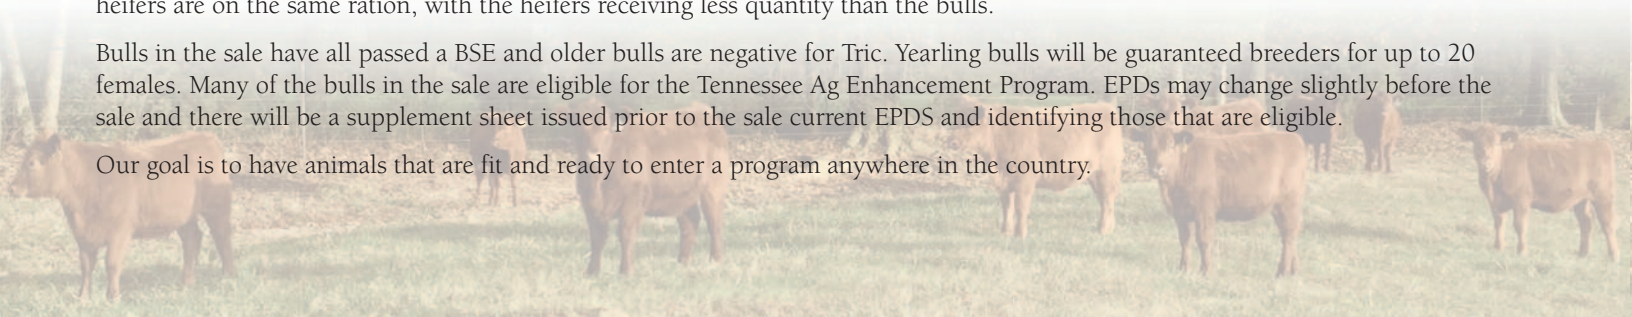

Osborn Red Angus
21053 AL Hwy. 251 | Athens, AL 35613
Danny Osborn: 256-679-6307 | Michael Osborn: 931-993-3654
www.osbornredangus.com

About Us...

Our feed program, for developing the bulls and females, consists of a TMR (80% roughage and 20% grain) that includes forage material (alfalfa and/or Bermuda hay), mixed grains and a vitamin/mineral package. It is not a maximum growing ration, but rather a ration that allows for proper structural growth while allowing the animals to express growth rate without excess fat. The bulls and heifers are on the same ration, with the heifers receiving less quantity than the bulls.

Bulls in the sale have all passed a BSE and older bulls are negative for Tric. Yearling bulls will be guaranteed breeders for up to 20 females. Many of the bulls in the sale are eligible for the Tennessee Ag Enhancement Program. EPDs may change slightly before the sale and there will be a supplement sheet issued prior to the sale current EPDS and identifying those that are eligible.

Our goal is to have animals that are fit and ready to enter a program anywhere in the country.

— Osborn Red Angus —

Bull and Female Sale

December 1, 2018 • 1 p.m.

Cullman Stockyard | Cullman, Alabama

Sale Location

Guest Consignors...

Smeenk Livestock: Randy Smeenk (256-777-7257)

Four bulls are being offered by Smeenk Livestock. These bulls were born Smeenk Livestock and then delivered to Osborn Red Angus at weaning time to develop. You will see more of Smeenk Livestock in future years.

Dixon Red Angus (DIX): Jed Dixon (256-614-4212)

Dixon Red Angus has been raising red angus influenced cattle for several years now. With a herd of IA registered cows coming primarily from genetics purchased from Osborn Red Angus, they are able to offer animals that fit the desires of this sale.

— Terms and Conditions —

TERMS: Terms of the sale are cash, check, or other terms agreed to in writing between seller, buyer, and sale manager payable immediately upon conclusion of the sale before animals will be moved. Sale Manager reserves the right to require a certified check as settlement before releasing any cattle.

PURCHASER'S RISK: All animals are the owner's risk prior to their sale and become property of the purchaser as soon as declared sold by the auctioneer.

BIDDING: Any disputes or challenges regarding bids or tie bids will be settled by the auctioneer and his decision will be final.

CERTIFICATE OF REGISTRY: A certificate of registry for each animal will be transferred to the buyer at the seller's expense.

ANNOUNCEMENTS: Any errors or changes in information contained in the catalog will be announced from the block and such announcements shall take precedence over the information contained herein.

HEALTH: All animals are eligible for interstate shipment. Interstate health papers prepared by an accredited veterinarian will be furnished on each animal sold. Arrangements for international shipment should be made with the sale manager prior to the auction. All efforts for the exportation of cattle can be arranged through the sale manager.

BREEDING GUARANTEE: All animals are guaranteed by the seller as outlined in the Red Angus Association of America Code of Ethical Sale Practices.

LIABILITIES: All persons who attend the sale do so at their own risk. The seller, auction facility, and sale manager assume no liability for any accidents that may occur. Neither does the seller, auction facility, or sale manager assume liability for the loss or injury to livestock due to theft, mysterious disappearance, sickness, improper handling or Act of God. It is to be clearly understood that the sale manager and its representatives act only as a medium between the buyer and the seller. They are not responsible in any way for the failure on the part of the buyer and seller to live up to their obligations or for the truth of any warranties or representation, express or implied. Neither does the sale manager assume any financial obligations to collect or enforce collection of monies between parties. Any legal action, that may in exceptional cases be taken, must be between the buyer and the seller. This catalog has been prepared by the Sale Manager from pedigrees and information supplied by sources deemed reliable, however, the Sale Manager will in no way guarantee the pedigree, percentages of the animals selling, or data included in this catalog. Any exceptions taken are between the buyer and the seller.

CONTRACT: The above terms and conditions of sale shall constitute a contract between the buyer and seller of each animal and shall be equally binding upon both. Each sale or resale of an animal constitutes a separate transaction.

PHONE BIDS: Telephone bids will be taken by sale day phones listed on page 1 of the catalog.

RED RIGHT. NOW.

An independent university study compared six years of Superior Livestock Auction data, revealing Red Angus-sired heifers commanded from \$5 to \$9/cwt. more than females of all other breed types.

Learn more about the value of Red Angus-sired replacement females at redangus.org.

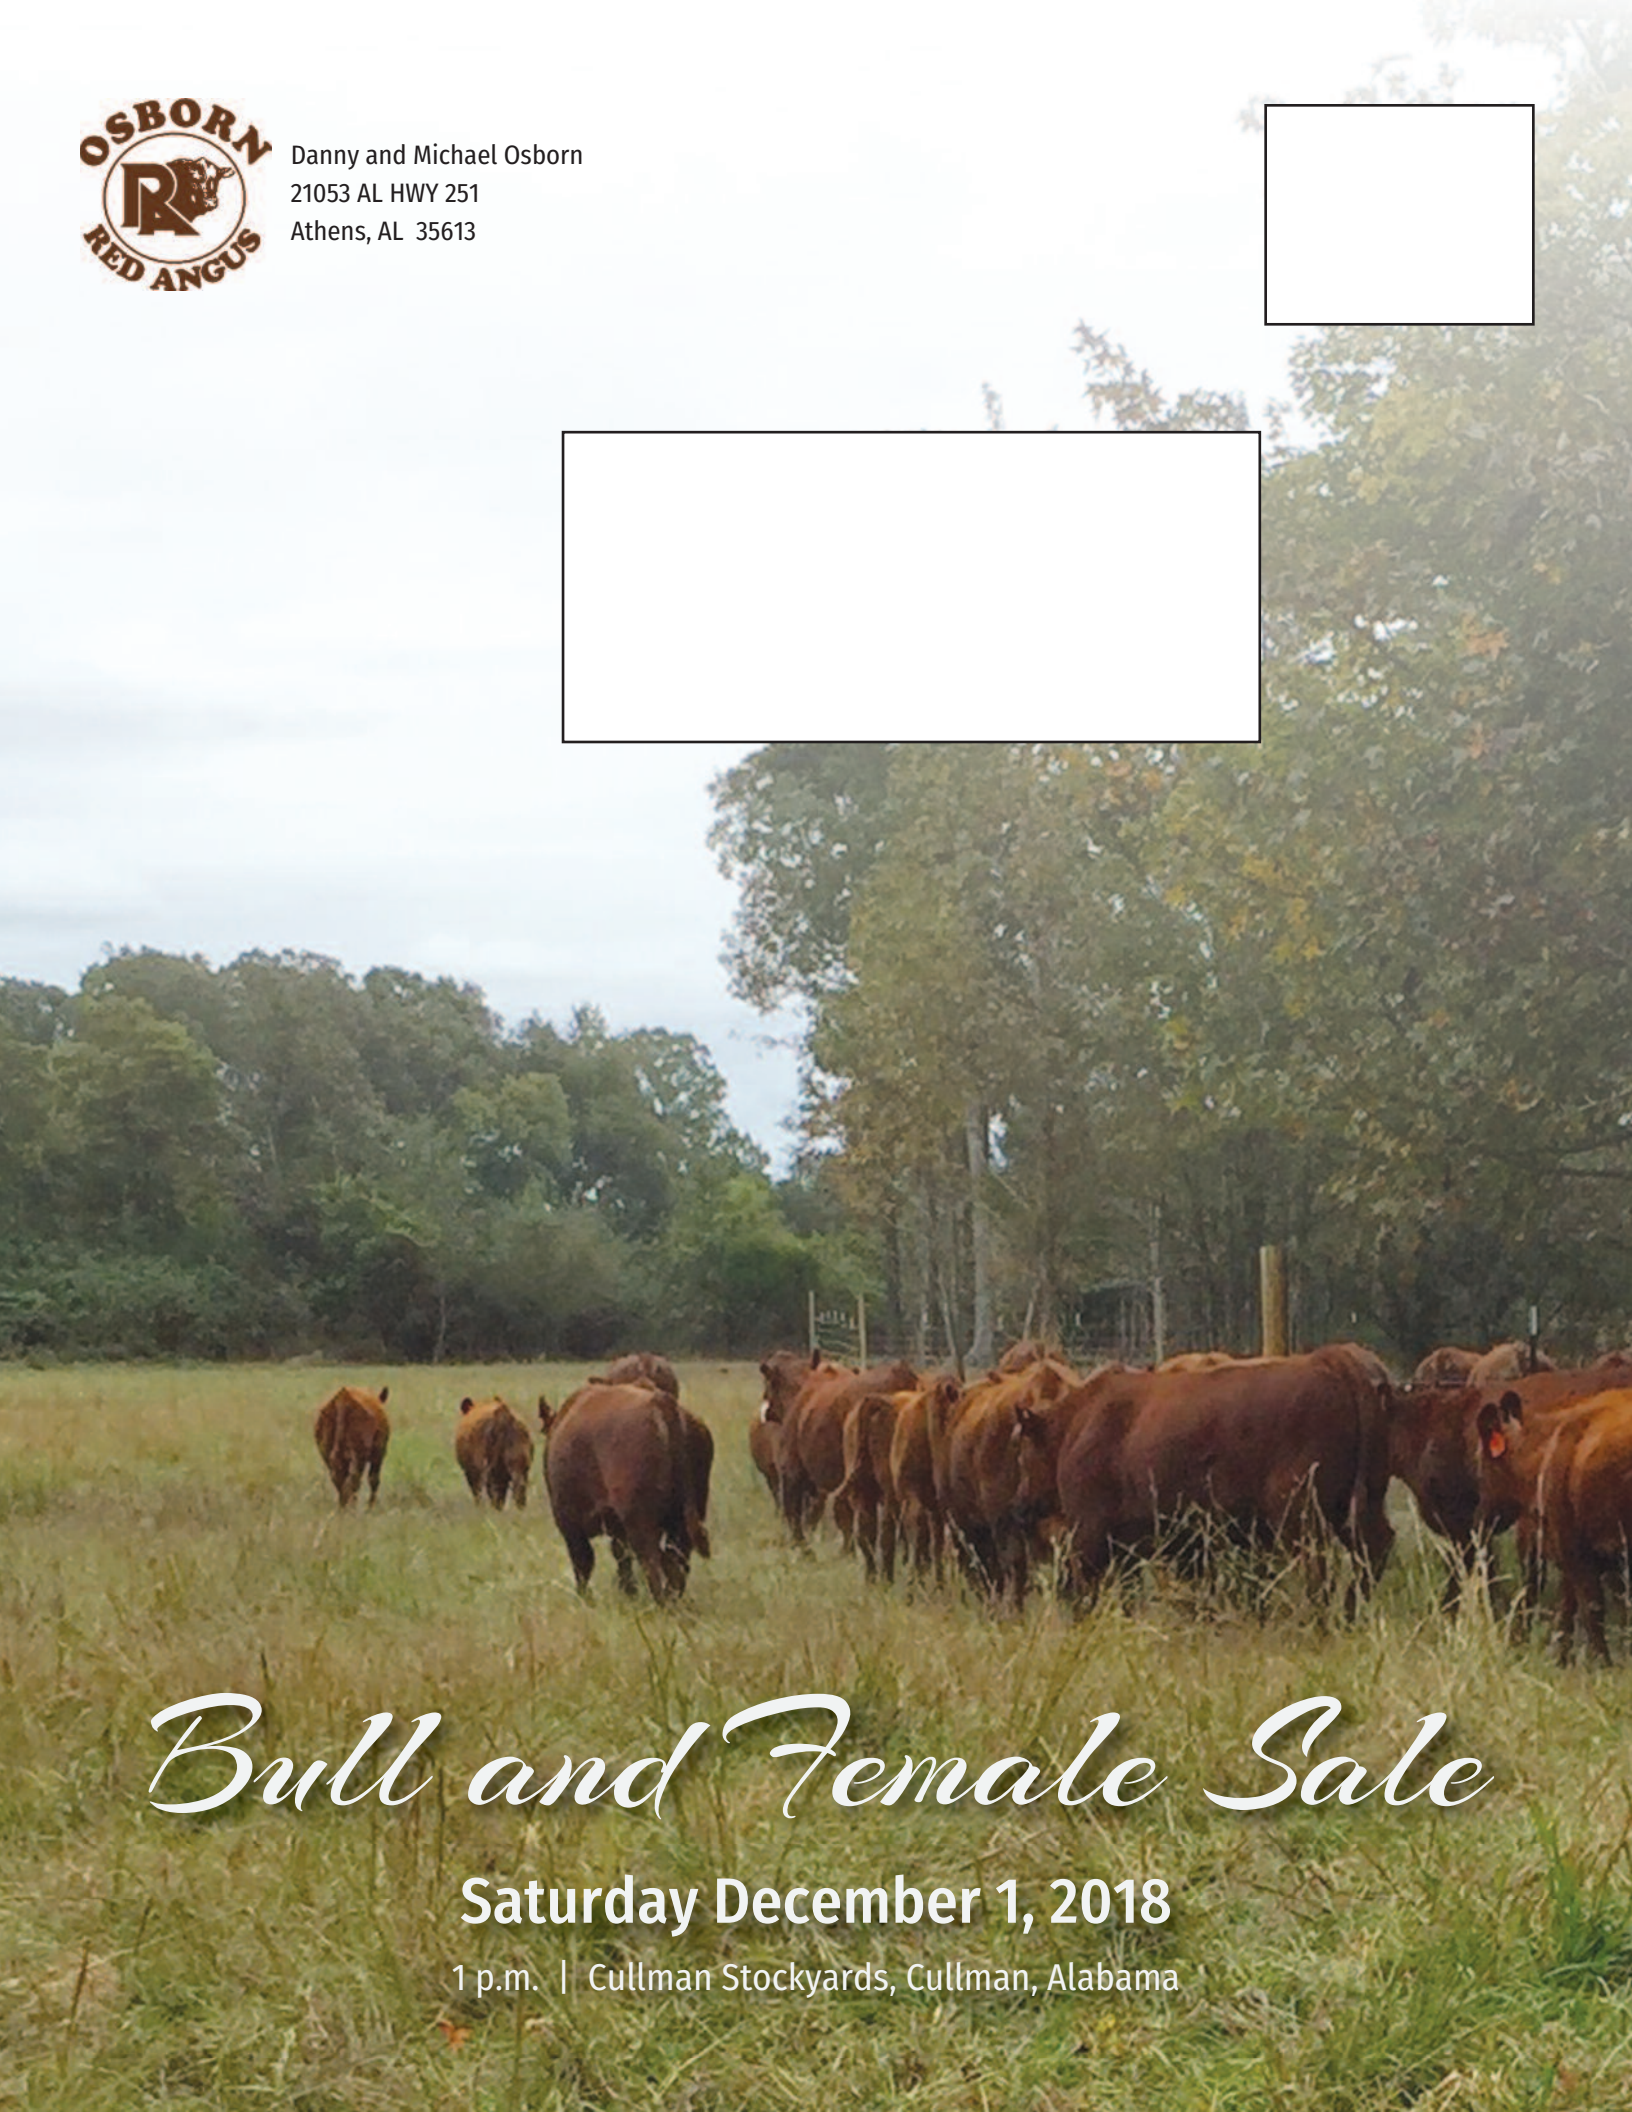

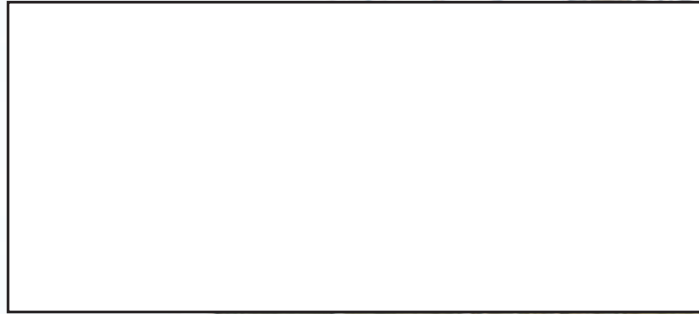

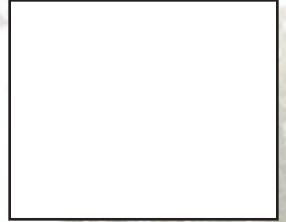

The Red Angus female is the rancher favorite for replacements that deliver real profitability.

Ranch Tested. Rancher Trusted.
